To Our New Class Participants,

Thank you for your interest in the African American Health Program's (AAHP) Diabetes Education Classes. The classes are accredited by the American Association of Diabetes Educators and provide 12 hours of free diabetes education to help you prevent or control diabetes. Our goal is to help you live healthier!

Join others who are amazed at how little they know until they attend the AAHP Diabetes Education Classes! We have been praised, thanked, applauded and recognized and we welcome you to our program!

Please print and fill out the following forms and bring them to the first class. This will make the first few minutes a lot easier. We apologize for the number of forms, but this paperwork helps us to provide the best service and evaluate the outcomes of the classes, both for you and for us.

- If you do not have diabetes, we only need the (1) Registration and (2) Behavior Survey.
- If you have diabetes, please fill out those AND the (3) Medical History Form.

Thank you in advance for this endeavor. We look forward to meeting you at the first Class.

Sincerely,

The Diabetes Education Team
